Kathy:

We appreciate you, Beau and Johnathan taking the time to meet with Leonard, Brian and myself yesterday.

We felt it was an extremely productive meeting and helped clarify the policies, procedures and legal structure we need to follow moving forward with our strategy of dispensing prescriptions to Medicare Advantage patients. We plan to follow your instructions to the letter to ensure that we avoid potential problems and can address any claims or accusations of impropriety should they arise. As you know, our intent is, and always has been to operate a fully compliant pharmacy business.

Would it be possible to Beau or Johnathan to look into the Mississippi laws governing physician ownership of a pharmacy and send us a brief memo on the topic. I think Brian is planning to meeting with a physician next week who is interested in the investment opportunity provided it doesn't violate any state regulations. I also recall Gil sending us a similar memo on Florida law. However, I wasn't able to locate the email. Is there any way you may be able to search for this as well? We're talking to several additional physicians in Florida and we'd like to be able to show them how our attorney's interpret the statutes. We'll obviously encourage them to seek their own council before investing.

Thank you again for your time and the wonderful lunch. Have a great weekend.

Best Regards  
Scott
